### IMPORTANT INSTRUCTIONS FOR MEASURING....

1. Have another person measure you.
2. Use an unworn tape.
3. All measurements to be taken in Relaxed position.
4. Pull tape snug, not tight.
5. Circumference measurements taken around widest or smallest point.
6. Make sure pants are pulled up snug for measurements T, U, V and W.
7. Measurements T, U and V are to be performed in One action while holding the tape measure in one place
